BADAR ZAKI BARADJA

+6287886561627 | badarbaradja112@gmail.com | https://www.linkedin.com/in/badar-baradja-5b1bb820a/

Telecommunication Engineering student specializing in WebGIS development, system automation, and data-driven solutions. Experienced in building digital platforms and laboratory management systems. Strong ability to translate real-world operational problems into efficient technical solutions, supported by academic leadership and cross-functional collaboration.

Education Level

Universitas Telkom - **Bandung, Indonesia** Aug 2023 - Aug 2027 (Expected)

Bachelor of Telecommunication Engineering, 3.70/4.00

- Currently in the 6th semester, having successfully completed 97 credits (SKS).
- Successfully passed the faculty-level selection for the national student creativity program (PKM).

Work Experiences

PT Dabi Air Nusantara - **Jakarta, Indonesia** Jun 2024 - Sep 2024

Intern

PT Dabi Air Nusantara is a VIP charter flight and helicopter service provider based in Jakarta, Indonesia, located at STC Senayan, Jakarta. Established for non-commercial purposes, the company offers various helicopter models for charter services.

- Managed and organized spare parts data tracking for helicopter maintenance operations.
- Developed an automated maintenance tracking system, improving scheduling efficiency and reducing manual workload.
- Created a comprehensive monitoring system for crew licenses, covering pilots, co-pilots, HLOs, and FOOs.

Electrical Circuit Laboratory - **Bandung, Indonesia** May 2025 - Present

Practicum Assistant

- Mentored and facilitated practical learning sessions for students across 5 majors in the Electrical Circuit course.
- Developed a comprehensive lab management website, digitizing operations and centralizing learning materials for practicum participants.
- Engineered an administrative dashboard that replaced manual Google Forms, automating camera-based attendance, salary slips, and penalty calculations for 49 assistants.

MBC Laboratory (GIS Division) - **Bandung, Indonesia** Oct 2025 - Present

Research Assistant

- Conducted GIS research and operations, successfully securing an Intellectual Property Rights (HKI) certificate for laboratory research output.
- Co-developed an ERP-like laboratory management system to streamline operations, project tracking, and assignments for 78 research assistants.
- Engineered a digital knowledge repository to archive historical project drafts, ensuring seamless knowledge transfer and onboarding for future members.

Organisational Experience

Telecommunication Science Association (TOSCA) - **Bandung, Indonesia** May 2025 - Dec 2025

Deputy Chair

- Assisted in leading and managing structural operations for the semi-autonomous body under HMTT.
- Coordinated the execution of division work programs, ensuring alignment with the organization's strategic goals.
- Evaluated organizational performance and facilitated effective communication between internal divisions.

Himpunan Mahasiswa Teknik Telekomunikasi (HMTT) - **Bandung, Indonesia** Jun 2025 - Dec 2025

Academic Expert Staff

- Contributed to academic development programs and supported student learning initiatives within the telecommunication engineering student body.
- Facilitated academic discussions and provided study materials to improve the overall academic performance of peers.
- Collaborated with other departments to execute faculty-level educational events and workshops.

PRADA - **Bandung, Indonesia** Jan 2025 - Mar 2025

Public Relations Member

- Operated within the Donaturial division to establish external communications and engage with MSMEs.
- Successfully raised funds to support Ramadan 2025 events and facility necessities for Masjid Syamsul 'Ulum.

GATHRAK - **Bandung, Indonesia** Apr 2025 - Jun 2025

Logistics Member

- Managed equipment requirements and collaborated with the PDD division to execute event decorations smoothly.

HSC 2022 - **serang, Indonesia** Aug 2021 - Dec 2022

Secretary of Public Relations Division

- Managed databases for participants, schools, and competing teams.
- Coordinated committee members and participant contact persons.
- Successfully reached 90+ schools and 1,235 participants for a hybrid event.

OSIS NFBS Serang - **Serang, Indonesia** Jul 2021 - Jan 2023

Secretary of Sports Division

- Coordinated student sports activities and events.
- Drafted division work programs and comprehensive reports.
- Provided technical and administrative support for division operations.

Skills, Achievements & Other Experience

- **Projects - ThinkSpace** (2025): Actively participating in the Bandung Techno Park (BTP) startup incubation program at Telkom University to develop business and technical models.
- **Projects - TransTrack** (2026): Assisted in data processing and API development for a telematics and logistics management system.
- **Soft Skills**: Leadership, Problem Solving, Analytical Thinking, Teamwork & Collaboration, Time Management.
- **Hard Skills**: WebGIS, QGIS, Frontend Development (Next.js, Tailwind CSS), Python, API Integration, Data Management & Analysis
